DOCTOR-PATIENT RELATIONSHIP IN CHIROPRACTIC INFORMED CONSENT

CHIROPRACTIC

It is important to acknowledge the differences between the healthcare specialties of Chiropractic, Osteopathy and Medicine. Chiropractic healthcare seeks to restore health through natural means without the use of medicine or surgery. This gives the body maximum opportunity to utilize its inherent recuperative powers. The success of the Chiropractic Doctor's procedures often depends on environment, underlying causes, physical and spinal conditions. It is important to understand what to expect from Chiropractic healthcare services.

ANALYSIS

A Doctor of Chiropractic conducts a clinical analysis for the express purpose of determining whether there is evidence of Vertebral Subluxation Syndrome (VSS) or Vertebral Subluxation Complexes (VSC). When such VSS and VSC complexes are found, Chiropractic adjustments and ancillary procedures may be given in an attempt to restore spinal integrity. It is the Chiropractic premise that spinal alignment allows nerve transmission throughout the body and gives the body an opportunity to use its inherent recuperative powers. Due to the complexities of nature, no doctor can promise you specific results. This depends upon the inherent recuperative powers of the body.

DIAGNOSIS

Although Doctors of Chiropractic are experts in Chiropractic diagnosis, the VSS and VSC, they are not internal medical specialists. Every Chiropractic patient should be mindful of his/her own symptoms and should secure other opinions if he/she has any concern as to the nature of his/her total condition. Your Doctor of Chiropractic may express an opinion as to whether or not you should take this step, but you are responsible for the final decision.

INFORMED CONSENT FOR CHIROPRACTIC CARE

A patient, in coming to the Doctor of Chiropractic, gives the Doctor permission and authority to care for the patient in accordance with the Chiropractic tests, diagnosis and analysis. The Chiropractic adjustment or other clinical procedures are usually beneficial and seldom cause any problem. In rare cases, underlying physical defects, deformities or pathologies may render the patient susceptible to injury. The doctor, of course, will not give a Chiropractic adjustment, or healthcare, if he/she is aware that such care may be contraindicated. Again, it is the responsibility of the patient to make it known or to learn through healthcare procedures whatever he/she is suffering such as latent pathological defects, illnesses or deformities which would otherwise not come to the attention of the Doctor of Chiropractic. The patient should look to the correct specialist for the proper diagnostic and clinical procedures. The Doctor of Chiropractic provides a specialized, non-duplicating health service. The Doctor of Chiropractic is licensed in a special practice and is available to work with other types of providers in you healthcare regime.

RESULTS

The purpose of Chiropractic services is to promote natural health through the reduction of the VSS or VSC. Since there are so many variables, it is difficult to predict the time schedule or efficacy of the Chiropractic procedures. Sometimes the response is phenomenal. In most cases there is a more gradual, but quite satisfactory response. Occasionally, the results are less than expected. Two or more similar conditions may respond differently to the same Chiropractic care. Many medical failures find quick relief through Chiropractic. In turn, we must admit that conditions which do not respond to Chiropractic care may come under the control or be helped through medical science. The fact is that the science of Chiropractic and medicine may never be so exact as to provide definite answers to all problems. Both have great strides in alleviating pain and controlling disease.

TO THE PATIENT

Please discuss any questions or problems with the Doctor before signing this statement of policy. I have read, and understand the foregoing

Office Policy Procedures Concerning Insurance

Patients who have chiropractic coverage on their insurance are expected to pay their "estimated" co-pay at the time the services are rendered. All co-pay fees quoted are only an "estimate" based upon the information provided to us. It is NOT a guarantee of payment. If you have any questions or concerns about what you particular policy/contract covers, we recommend that you contact your insurance provider for specific policy benefits.

Please remember that your chiropractic coverage is a contract between you (the subscriber) and the insurance company, and NOT between the insurance company and the doctor. As a courtesy to our patients, we are happy to file you chiropractic claims at no charge.

Patients/Responsible parties are required to see that their insurance provider responds within 90 days and the patient is fully responsible for any unpaid balance after 90 days. Your account is subject to a finance charge after for account balances over 90 days.

I assign all insurance benefits to the doctor and understand that any payments received from my insurance company will be credited to my account.

NON COVERED SERVICES STATEMENT

As your physician, I want to provide you with the best care possible. There are services that I feel are necessary for the treatment of your condition and maintenance of good health that are not covered by your health benefits contract such as, but not limited to, vitamins, food supplements, cervical pillows and/or lumbar supports. You will be expected to pay for those services in full. Let me assure you that I will order only the tests and treatments that I feel are necessary for your treatment and care.

Also, your insurance has limitations to your number of visits per year. If you are treated over the amount that is allowed by your insurance company and they do not pay for additional visits, you will be responsible for the cost of your visit.

If you have any questions about whether or not a particular service is covered by you health benefits contract, someone in our office will be happy to assist you. Thank you for your understanding.

I have read your policy and agree to pay for the services outlined above that are not covered by my contract as indicated by my signature.
